

STUDIES AFTER DE-DUPLICATION

Is the study within the field of biology (eg. ecology, evolution, animal physiology, animal behaviour)

YES/MAYBE

NO

EXCLUDE

Were the subjects of this study birds?

YES/MAYBE

NO

EXCLUDE

Is the study an empirical study? (not included eg. reviews, simulation studies)

YES/MAYBE

NO

EXCLUDE

Is it an experimental study? (eg. field observation without control were not considered experiments)

YES/MAYBE

NO

EXCLUDE

Is the green material (also aromatics, herbs) the independent variable?

YES/MAYBE

NO

EXCLUDE

INCLUDED STUDIES AFTER TITLE AND ABSTRACT SCREENING

Does the study contain any fitness proxy that can be used to address our hypotheses?

YES/MAYBE

NO

EXCLUDE

INCLUDED STUDIES AFTER FULL-TEXT SCREENING
